- Craft Time Magazine

MESSAGE

Dear Valued Educators,

Warmest greetings from **Brilliant Creations Publishing, Inc.**!

With the completion of the K to 12 offering in the Curriculum, we now look forward with great optimism that this greatest change in the Philippine education will bring about graduates that are fully equipped with the envisioned knowledge and skills and enable them to reach new heights.

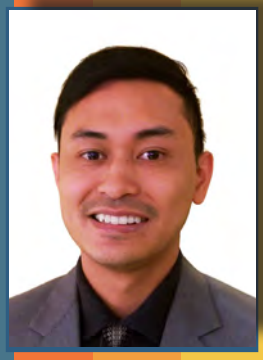

We at Brilliant Creations pledge our full support behind the Department of Education in its pivotal role as the leading institution behind this academic innovation. The dream of our country is also our dream. We dream of youth who are ready to take their place in the global community.

It is in this light that we try our best to publish educational books that will cater to the demands of the K-12 Curriculum. We have chosen leading educators in the academe to serve as authors, editors, and consultants in crafting the desired books that will develop the needed mastery of knowledge and skills among the youth. Believing that good instructional materials are important tools in teaching and learning, we dedicate ourselves to the task of producing quality textbooks which will be of significant use for the teachers and students.

We thank the Lord that we have been given this opportunity to become a part of youth development, and in turn, our country's development. We continue to commit ourselves in this collaborated mission of preparing our children for a brighter tomorrow.

May God bless us all!

Anthony James A. Coralejo
President

Enrique F. Coralejo, Ed.D.
Chief Executive Officer

ABOUT US

Brilliant Creations Publishing, Inc. is an educational publishing company dedicated to the development of today's youth. It distributes instructional materials to educational institutions, both locally and internationally.

It is committed to the creation of textbooks and other supplementary materials that best suit and meet the ever-changing developmental needs of learners and educators. With its roster of seasoned educators, topnotch editors, and other professionals, it ensures that its published materials are innovative, creative, and dynamic. It believes that integrating quality content and good values will help develop well-informed and well-educated individuals.

We at **Brilliant Creations Publishing, Inc.** take our mission and vision seriously. Through the publication of "brilliantly created" books, we hope to contribute to youth leadership and empowerment.

Our VISION
Empower learners through educational solutions which are engaging, innovative, and values-inspired so that they, in turn, may aspire to reach their highest potentials.

Our MISSION
- Address the critical developmental needs of today's learners through access to educational solutions that are complete, up-to-date, and engaging;
- Collaborate with seasoned educators, visionary authors, topnotch editors, and committed layout designers, typesetters, and illustrators to create educational materials that are rich in content, visually-appealing, and values-laden;
- Establish proactive linkages with academic institutions in keeping abreast with up-to-date developments in education; and
- Provide avenues for lifelong learning not just for students, but also for educators who desire to hone their craft continuously.

HOW WE DO IT
We understand that educators and parents look for learning materials that address the developmental needs of their children. True to our mission to provide the youth with textbooks and supplementary materials that are complete, up-to-date, and engaging, Brilliant Creations Publishing, Inc. employs both traditional and innovative learning techniques that make learning worthwhile and enriching.

DEPARTMENT OF EDUCATION K TO 12 COMPLIANT
We adhere to the learning competencies and the curriculum guides set by the Department of Education. We ensure that our materials are gender-sensitive, grade-appropriate, and culturally relevant. The development of the subject matter flows from easy to difficult to ensure mastery of learning skills.

ENGAGING CONTENT
We aim to incorporate fun and learning in our educational materials. Our expert team of writers and editors provide exercises and activities that are varied, timely, and engaging to guarantee that the students will enjoy the learning process.

VISUALLY-APPEALING LAYOUT
The educational materials are meticulously designed to capture and sustain the interest of the students. Careful attention is given to the layout, graphics, and illustrations. Our creative team makes sure that the illustrations are well-researched and appropriate to the target readers.

TEACHER ASSISTANCE
We support educators by providing comprehensive Teachers' Guides which help maximize the use of our educational products. We make sure that teachers are given different creative ways of conducting the lessons and activities in our books.

Upscale MAPEH

Junior High School

Series Highlights

- adheres to the K to 12 curriculum in Music, Arts, Physical Education, and Health, prescribed by the Department of Education
- develops the students' imagination, individual expression, and critical thinking by analyzing the aesthetic works from the Philippines and other parts of the world
- provides students with experiences, concepts, and processes that are presented in a spiral progression of difficulty
- enables students to acquire essential knowledge necessary for achieving good nutrition and holistic health

Growing in Character

Junior High School

2nd Edition

Series Highlights

- promotes the development of students who are critical thinkers and decision-makers
- complies with the competencies for *Edukasyon sa Pagpapakatao* prescribed by the K to 12 curriculum
- culturally relevant, as well as gender, age, and religion-sensitive

Exploring Literature and Grammar

Oral Communication in Context — Senior High School

Oral Communication in Context aims to develop the students' listening and speaking skills and apply these oral language conventions, principles, strategies, and skills for effective communication in various situations.

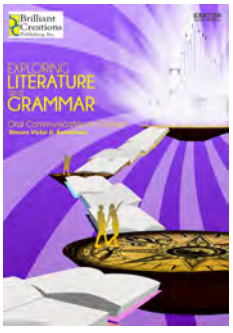

Exploring Literature and Grammar

Reading and Writing Skills — Senior High School

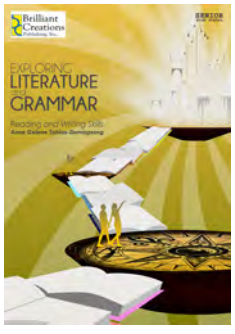

Reading and Writing Skills pertains to the development of reading and writing skills as applied to a wide range of materials other than poetry, fiction, and drama.

Conceptual Math and Beyond

General Mathematics Senior High School

General Mathematics aims to develop the students' mastery skills in solving problems involving rational, exponential, and logarithmic functions; in solving business-related problems; and in applying logic to real-life situations.

Editor

Rene R. Belecina, Ph.D.
Ph.D. in Mathematics Education, University of the Philippines
M.A. in Mathematics Education, Philippine Normal University
B.S.E. Mathematics, *Cum Laude*, Pamantasan ng Lungsod ng Maynila
Professor I, Philippine Normal University

Conceptual Math and Beyond

Statistics and Probability Senior High School

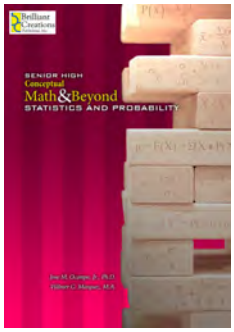

Statistics and Probability deals with the development of skills in collecting and organizing data; using charts, tables, and graphs; understanding, analyzing, and interpreting data; dealing with uncertainty; and making predictions and outcomes.

Editor

Conceptual Math and Beyond

Precalculus Senior High School

Conceptual Math and Beyond (Precalculus) shows how to apply concepts and solve problems involving conic sections, systems of nonlinear equations, series and mathematical induction, circular and trigonometric functions, trigonometric identities, and polar coordinate system.

Editor

Rene R. Belecina, Ph.D.

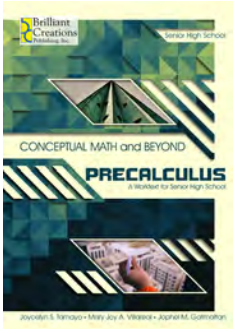

Conceptual Math and Beyond

Basic Calculus Senior High School

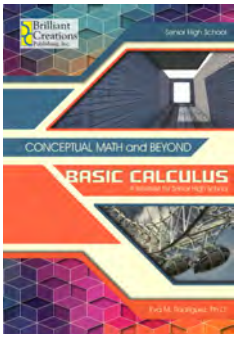

Conceptual Math and Beyond (Basic Calculus) helps the learners determine the limit of a function; differentiate and integrate algebraic, exponential, logarithmic, and trigonometric functions in one variable, and formulate and solve problems involving continuity, extreme values, rated rates, population models, and areas of plane regions.

Conceptual Math and Beyond

Business Math Senior High School

- **Conceptual Math and Beyond (Business Math)** provides an understanding of the basic concepts of mathematics, as applied in business.
- It includes a review of the fundamental mathematics operations, using decimals, fractions, percent, ratio and proportion; mathematics concepts and skills in buying and selling, computing gross and net earnings, overtime and business data presentation, analysis and interpretation.

Editor

Rene R. Belecina, Ph.D.

Essentials in Business Ethics

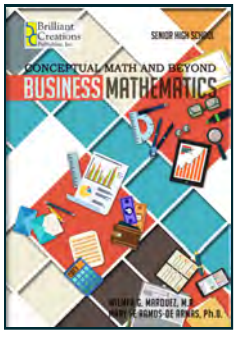

Senior High School

- This book, **Essentials in Business Ethics**, provides a basic framework in understanding various business situations.
- Fundamental concepts, principles, and practices of ethical standards have been incorporated in the lessons to equip the students with the knowledge and strategies in corporate ethics and governance.

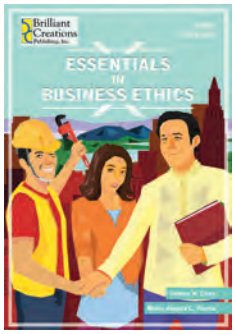

Editor: **Paulo Antonio L. Azurin**

Conceptual Science and Beyond

General Biology 1 Senior High School

The lessons in this book, **Conceptual Science and Beyond (General Biology 1),** are presented in a learner-friendly manner to develop the students' knowledge of the principles and concepts that deal with the life processes at the cellular and molecular levels, as well as the transformation of energy in organisms.

Conceptual Science and Beyond

General Chemistry 1 Senior High School

Conceptual Science and Beyond (General Chemistry 1) enriches the learners' understanding of the basic concepts in chemistry, such as the composition, structure, and properties of matter; and its quantitative principles, kinetics, and transformations. Situational problem exercises are included to help learners apply their knowledge of chemistry in real life.

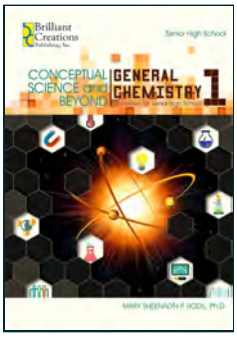

Conceptual Science and Beyond

General Chemistry 2 Senior High School

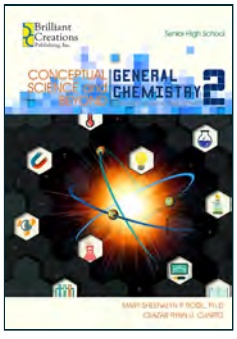

Grounding on the concepts discussed in General Chemistry 1, **Conceptual Science and Beyond (General Chemistry 2)** leads the students to explore the intricacies of intermolecular forces, thermochemistry, chemical kinetics, and acid-base and salt equilibria, among others. The lessons include exercises where students can apply their knowledge of chemistry in real-life situations.

Health and Physical Education for Fitness and Wellness

Senior High School

This book consists of two parts: Health and Fitness, and Physical Education.

- The Health and Fitness part enables the learners to set their own body fitness goals, get involved in aerobic and muscle- and bone-strengthening activities, and evaluate how well they have integrated this fitness program into their personal lifestyles.
- The Physical Education portion exposes the learners to varied experiences in individual, dual, and team sports in competitive and recreational settings.

50 Fun, Fierce, and Fabulous Filipinas

50 Fun, Fierce, and Fabulous Filipinas highlights the important contributions of Filipino women in nation-building. It features great Filipinos who have made meaningful and lasting changes in their lives and in the society.

The Princess and the Frog Allergies Cinderspectarella

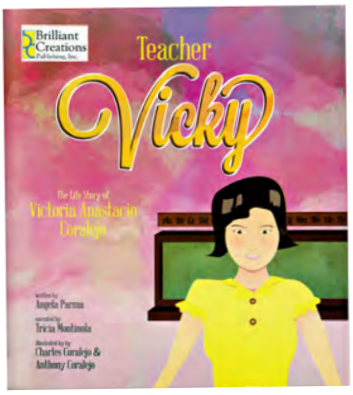

The Princess and the Frog Allergies, and Cinderspectarella are parts of a series of illustrated fractured fairy tales which aim to educate children, as well as their parents, about their basic health needs while enjoying a different take of their favorite children's stories.

Happy Whisker's Day

This is an illustrated storybook for young children aimed at developing vocabulary through pictures.

Love Talaga

Poems on Love and Other Mushy, Feely Stuff

Dedicated to the young (and to the young-at-heart), ***Love Talaga*** is the product of an experiment to express oneself freely and creatively through poetry, in the quest for finding meaning in life.

The Ch[a]os Theory and Love Multiverses

Anj CP once again takes us into the realm of feely and mushy stuff with her second anthology of love poems, entitled "***The Ch(a)os Theory and Love's Multiverses***." This time, however, the readers are in for a new surprise—with a trip to the black holes and different dimensions of the sometimes chaotic but still wondrous experience called "love."

Teacher Vicky

The Life Story of Victoria Anastacio-Coralejo

This is a story about how a young woman overcame the challenges of life to become one of the most inspiring teachers in the Philippines.

BCP Reader

E-book Program for Tablets and PCs

- The BCP Reader is a stand-alone reader created specifically for Brilliant Creations eBooks.
- Handy and more visually-appealing, the BCP eBook caters to the new generation of students.
- The BCP Reader eBook is secure and cannot be copied to any other device. Currently, the BCP Reader can be installed to any Windows or Android-based computer.
